

IMC Meeting - A Shaky Flight

Scenario: During your flight, your engine fails, at best glide you are still descending rapidly, it doesn't look like you are going to make it to the airfield. What would you do?

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real-life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.
