

## New Braunfels IMC Club Meeting - Night Surprises

During a night IFR flight you are in cruise and you smell an acrid smell and see white wispy smoke coming from under the panel. How would you handle this emergency and get the airplane safely on the ground.

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and develops safety through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations.

You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting.

### Event Details

**Thu, May 14, 2026 at 18:30 CDT**

**New Braunfels National Airport**

2333 FM 758

Pilot Lounge

New Braunfels, TX

**Contact: Terry Ross**

**210-885-2927**

**tkedpcross@gmail.com**
