

New Braunfels IMC Club Meeting - Chilling Choices

Your IFR flight has been going well and you are within 15 miles of your destination when the oil pressure drops considerably. You can fly over a very cold lake or divert over land which is a longer route. Oh yea, it is also nighttime during winter. Come and lets discuss your choices.

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and develops safety through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Event Details

Thu, Aug 13, 2026 at 18:30 CDT
New Braunfels National Airport
2333 FM 758
Pilot Lounge
New Braunfels, TX

Contact: Terry Ross, ATP, CFI-I,
Aircraft Owner

tkedpcross@gmail.com
Select #: SW17145628

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations.

You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting.

For more information and to take part in this event, click the link below and register TODAY!

Flying In - Hit Direct To for KBAZ and talk to Austin approach control from the North and San Antonio approach control from the South. Ask the tower to park by the airport terminal.

Driving In - Take the Highway 46 exit off of IH-35 to the SouthEast and turn left on FM 758. Airport will be on the left.

Walking In - Probably Not! Take a Taxi or Ride Share.
