

New Braunfels IMC Club Meeting - ODP What?

ODPs, departure procedures, and SIDs? What are applicable to me as a Part 91 operator. The ground and ATC may want you to use these to stay safe and help the flow of traffic. Lets discuss what these are and how we can use them.

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and develops safety through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations.

You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting.
