

What's it like at 30,000 feet!!!

The Civil Aerospace Medical Institute (CAMI) along with the FAA Safety Team will be presenting training required for operating aircraft at high altitudes. The training will include high altitude physiology, aerodynamics and meteorology. At the conclusion of the classroom session, you will be given the opportunity to discover your hypoxia symptoms first hand in CAMI's portable altitude training system.

Directions: From North Loop 820, take exit 13 to merge onto US-287 BUS S / N Main St, drive 2.7 mi and turn right onto NW 38th St. The Vintage Flying Museum will be 0.3 miles on the left.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
