

# Risk Management Module A

The event will look at various risks taken by pilots, reasons for taking those risks, and outcomes of risks taken. This is an encore presentation of the Risk Management Module A Event given last summer at ATRC. If you attended that event, this event will cover the same material again. ATRC simulators will be open for demonstration flights after the event.

**Directions:** ATRC is located on the south side of East Trinity Mills about 500 feet east of Kelly (stoplight). Visit the contact us page at [www.ATRCsim.com](http://www.ATRCsim.com) for additional information.

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
