Event Details

Sat, Jul 14, 2012 - 10:00 am

Vintage Flying Museum

505 Northwest 38th Street

Fort Worth, TX 76106

Contact: CURTIS WEYMOUTH LANDRUM

(817) 236-1267

curtislandrum@charter.net

Select #: SW1945239

Lead Representative CURTIS WEYMOUTH
LANDRUM

1. Snap-On Tools presentation includes both the basic and the advances in torque technology. Torque sets and cutaways will be on display along with detailed information relative to the use and maintenance of the torque sets.

2. Hahn Law Firm will discuss the Legal Issues for the Aviation Maintenance Technician using AC 00-46E, Aviation Safety Reporting Program, dated 12/16/2011. Derrick Hahn specializes in Aviation Law and is a FAA pilot with SEL, MEL, CFI, MEI, AGI, and has mechanic A&P ratings, and is an IA.

This seminar will start at 1000 hours and last until 1200 hours.

Both of these topics are valuable to the aviation maintenance technician.

Directions: From highway 820 take exit 13 onto Main Street towards Meacham International Airport. Drive past the Meacham Terminal and turn right on 38th Street (just past the fire station) and drive to the end of the street (dead end). The Vintage Flying Museum will be on your right. The meeting room will be marked at the entry to the museum.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
