

FAA Safety Team presents:

# The New Flight Service

Learn how Lockheed Martin Flight Services can help you meet the requirements of FAR 91.103, why you should speak with a live Flight Service briefer even though you can get most of the required information on the internet, and some things that you may not know about today's Flight Service in the process.

**Directions:** Go West from downtown Granbury on W. Pearl St (377 BR) 2 miles. Turn right at Airport sign onto Howard Clemmons Rd and follow road to terminal on left. Conference room is in the terminal.
