

VFR Airspace and ATC Services

Al Culp will provide a review of controlled airspace, radio communications, and services to pilots provided by air traffic control.

Directions: The EAA Chapter 59 hanger is on the south east corner of the airfield. If flying in you will see EAA59 painted on the roof. Driving (from I-35): Exit I-35 onto west highway 6 (Meridian Exit). Exit HWY 6 onto southwest HWY 84 (Waco Drive Exit). Go approximately 13 miles southwest on HWY 84 to the McGregor Executive Airport. When you come threw the gate take the first right past the fuel tanks and follow the road around to the hanger. There is a big sign on the hanger.

However there is no automobile parking on the airport on Saturday. Parking will be available at the Harris Creek Baptist Church, 401 Stageline Dr. Shuttle to/from the airport will be provided.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
