

## WINGS CFI Forum: Technology & Training for General Aviation

Is it still possible to aviate, navigate, and communicate in the ever-growing technological world of flying? At this round table session you will have an opportunity to discuss ideas on how best to incorporate technology into ground and flight instruction. Share your experiences and what you have learned about managing technology and training. Exchange knowledge, tricks, tips and ideas for incorporating the benefits of technology without losing the basic stick & rudder skills of aviate, navigate, and communicate.  
CFIs ONLY, please!

**Directions:** The airport is east of 360 and north of I-20 on Great Southwest Parkway between Arkansas Lane and Mayfield Road. Conference Room is in the Terminal Building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
