

Advanced Preflight

Denton Finley and Josh Seay will go beyond the basic preflight inspection and discuss human factors, flight physiology, common items pilots overlook during preflight inspection, and a hands-on preflight inspection with a Cessna 150. In addition to door prizes, there will be a FREE raffle drawing to win a 30 minute discovery flight in a 1939 PIPER J-3 CUB courtesy of Aaron Dabney and Master the Tailwheel Flight Training.

Directions: This seminar will be located in EAA Chapter 59's hangar located on the McGregor (PWG) airport. The hangar is on the south east corner of the airfield. If flying in you will see EAA59 painted on the roof. Driving (from I-35): Exit I-35 onto west highway 6 (Meridian Exit). Exit HWY 6 onto southwest HWY 84 (Waco Drive Exit). Go approximately 13 miles southwest on HWY 84 to the McGregor Executive Airport. When you come through the gate, take the first right past the fuel tanks and follow the road around to the hangar. There is a big sign on the hangar.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
