

Perfect Landings

The Perfect Landing can be as elusive as the Perfect Golf Swing or the Perfect Tennis Swing. Might there be a way to approach landings in a more systematic and repeatable fashion -- one that can produce a consistently good result? How hard can it be? Folks that do it well make it look so easy. Or is it? Landing secrets revealed...

Directions: The terminal building is 200 feet northeast of the Denton control tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
