

Texas Aero Fall Fly-In and Safety Meeting

Come join Texas Aero for their fly-in at the Waco Regional Airport for fun, fellowship, and free hamburgers. Texas Aero will also be offering a generous fuel discount for pilots that fly-in. The free WINGS safety seminar will feature Lisa Simonds. Her discussion will examine ways to leverage our pre-flight time and efforts to create and improve barriers to risk. This will be a great opportunity to participate in the discussion and to share your experiences, observations, and thought on flight risks.

Directions: From I-35 in Waco, exit Lake Shore Drive (FM 3051). Go west on Lake Shore Drive. Turn right on Steinbeck Bend. Turn right onto Karl May Drive and continue through the airport entrance. Texas Aero is adjacent to the airline terminal and control tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
