

# Convective Weather - Myths and Misconceptions

This seminar will talk about factors involved in convective and severe weather, and why most pilots are not properly prepared. Many of the factors that can give pilots insight into the dynamics of convective weather are not taught in ground schools and are not covered well in aviation text books. Come find out what you are missing!

**Directions:** Collin College is just East of Preston Road between Preston Park and Old Shepherd Pl. Check the monitor in the lobby for room number.

## A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
