

## Convective Weather ABCs

There are many important abbreviations used in convective weather products that pilots are unfamiliar with. Failure to understand some of these abbreviations could lead to convection encounters of the worst kind. Come learn about MCS, LLJ, MCD, MCC, CCFP, CNH, and others and why they are important to you.

**Directions:** Preston Park Blvd. 1 block East of Preston Rd. Check monitor in lobby for room number

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

Sat, Jan 30, 2016 - 13:00 CST
