

The Biggest Cause of Pilot Accidents Not What You Think

Many experts have taught that CFIT, VFR into IMC, Stall/Spins and more are the biggest cause of accidents and pilot fatalities, but this is not true! They are only the end symptoms of a much bigger problem, easily treated, but no one is thinking about it!

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.

Directions: CFAA(Central Florida Aerospace Academy) is inside SunNFun at Lakeland Airport. The building is located at the corner of Medulla Rd and Peggy Brown Rd. near the main entrance. The class is free but requires admission to SunNFun. For more information please visit <https://www.flysnf.org/sun-n-fun-intl-fly-expo/admission-rates/>
