

# Cockpit2Cowl Common Knowledge Is Not Knowledge With Brian Schiff And Jeff Simon

## Event Details

"Cockpit 2 Cowl" with Brian Schiff and Jeff Simon is a program that explores General Aviation safety topics from the combined perspective of Flight Instructors, Pilots, and Mechanics, exploring both man & machine to make aviation safer and more enjoyable.

We will discuss some of the more common misconceptions regarding flying and maintaining aircraft. Often, this is regarded as "common knowledge," but common knowledge isn't knowledge. We will clarify some of the differences.

Attendees will learn about topical maintenance subjects, how to manage maintenance, handle emergencies, and improve communication between pilots and mechanics.
