

IFR- Autopilot Common Errors and Pro-Tips

Single-pilot IFR is much easier and safer when pilots use autopilots correctly. Almost every autopilot accident and IFR check-ride failure stems from the pilot not mastering their autopilot system, common errors, and how to react quickly in an emergency—a must-attend class for any IFR student, pilot, instructor, or examiner.

CFAA(Central Florida Aerospace Academy) is inside Sun'nFun at Lakeland Airport. The building is located at the corner of Medulla Rd and Peggy Brown Rd. near the main entrance.

The class is free but requires admission to Sun'nFun. For more information please visit <https://flysnf.org/>
