

IFR Safety- Avoid The 3 Deadliest Mistakes

Single-pilot IFR should be safe, but most IFR students, pilots, instructors, and even DPEs put themselves in unknown danger. A must-attend class to avoid skill deterioration, decreased emergency survival, and mid-air collisions.

CFAA(Central Florida Aerospace Academy) is inside Sun'nFun at Lakeland Airport. The building is located at the corner of Medulla Rd and Peggy Brown Rd. near the main entrance.

The class is free but requires admission to Sun'nFun.
