

Redbird Flight and Social Club Monthly Meeting

USAF Colonel and seasoned General Aviation CFI Scott Chesnut will "flip the script" and address how diligent, well-trained pilots can still find trouble in the air. Drawing on his decades of diverse military and civil aviation experience, he will propose a model for risk assessment and explore several high-profile cases involving excellent pilots. Most importantly, he will propose a "Good Pilot Approach" that can keep flying fun!

The Dallas Executive Airport Business Conference Center is located at **5303 Challenger Dr. Dallas, Texas 75237**. For ground arrivals from U.S. 67 (North or South) exit onto Hampton Road, go north, turn left onto Challenger (at the fire station) and proceed to terminal parking at the end of the road. The Business Conference Center is the closest building to the parking area. The meeting is in the Neil Armstrong Room.
