

EAA Chapter 323 Monthly VMC Club Meeting

There's nothing better than greasing a sunset landing after a day of General Aviation flying. Learning never stops; proficiency is not a destination, but a journey, and we must always bring our A game to the table. This program will explore some precursors to very bad days and help us to recognize and avoid them.

The VMC Club meeting will commence after the monthly Texoma Aero Club (TAC) meeting & pancake breakfast at the North Texas Regional Airport (KGYI).

Event will be approximately 2 hours with a 1 hour safety presentation.

If flying in, taxi to the executive hangars adjacent to the Alpha taxiway north of the tower. There is a Texoma Aero Club sign on the hangar. If you are driving in, you can go to the Rise Fixed Base Operations to be let through the gate and proceed to the executive hangars. If you have a gate code, enter on Don Ort Drive, then turn right to access the executive hangars.
