

IFR Safety - 3 Biggest Mistakes

This must-attend class for IFR students, pilots, CFIs, and DPEs shows how common techniques and procedures, learned in training cause check-ride failures, increase pilot workload, stress and can cause mid-air collisions! Learn why small changes to what we learn, teach and use can make flying IFR easier and much safer. Taught by Gary **"GPS"** Reeves, the most experienced GPS/Avionics IFR instructor in the world.

This is a free live class (NOT ONLINE) included with admission to EAA AirVenture. For info on purchasing tickets that support the non-profit EAA, please visit:
