

EAA Chapter 323 Monthly VMC Club Meeting

The scenario titled "Night Emergency Practice" describes an actual flight as follows: You are planning to practice simulated emergency engine-out procedures during a night flight in the vicinity of your home airport. What do you need to consider to minimize risks? What additional concerns do you have about the flight taking place at night, and what kinds of things should you be prepared for? Join in the discussion and share your opinion. You may be surprised at how many ideas the group will have and have some fun, learning at the same time! Please join us and tell us "What would you do?"

The VMC Club meeting will commence after the monthly Texoma Aero Club (TAC) meeting & pancake breakfast at the North Texas Regional Airport (KGYI).

This event will be approximately 2 hours, with a 1-hour safety presentation.

If flying in, taxi to the executive hangars adjacent to the Alpha taxiway north of the tower. There is a Texoma Aero Club sign on the hangar. If you are driving in, you can go to the Rise Fixed Base Operations to be let through the gate and proceed to the executive hangars. If you have a gate code, enter on Don Ort Drive, then turn right to access the executive hangars.
