

Procedures? What Procedures?

This presentation will dive deep into the intricacies of regulations: how simply reading & "knowing" them in a rote fashion is not nearly as important as interpreting and applying them and revisiting them consistently in every pilot's journey.

Ample free parking is available in front of the College Campus. The main doors are located on the south end of the building. After entering, inform the front desk know you are arriving for the WINGS Presentation and you will be directed to the seminar.

A message from the National FAASTeam Manager
