

IFR Safety / Avoid the 3 Deadliest Mistakes

This must-attend class for IFR students, pilots, CFIs, and DPEs shows how common techniques and procedures, learned in training cause check-ride failures, increase pilot workload, stress and can cause mid-air collisions! Learn why small changes to what we learn, teach and use can make flying IFR easier and much safer. Taught by Gary "GPS" Reeves, the most experienced GPS/Avionics IFR instructor in the world.

CFAA(Central Florida Aerospace Academy) is inside SunNFun at Lakeland Airport. The building is located at the corner of Medulla Rd and Peggy Brown Rd. near the main entrance. The class is free but requires admission to SunNFun. For more information please visit <https://flysnf.org>
