

Fixing the Chain Before it Breaks

This presentation will discuss a systematic approach to managing safety, including the necessary organizational structures, accountabilities, policies, and procedures. The primary goal of a Safety Management System (SMS) is to ensure a proactive and structured procedure to identifying, assessing, and mitigating risks to prevent accidents and incidents in the aviation community.

From Dallas take I-35 North toward Denton, merge onto US 82 E. via exit 498 toward Sherman. Take the exit 624 toward US 377/Whitesboro and go straight ahead to merge onto US82, then turn left on US/377 North and look for Cedar Mills sign for the entrance. Seminars will be held in the lodge starting at 9:00am.

A message from the National FAASTeam Manager
