

Redbird Flight and Social Club Monthly Meeting

This is a proactive presentation that dives into the critical role of avionics systems in modern aircraft and the potential risk associated with their failures or misuse. This presentation explores how advanced electronic systems designed to enhance safety and performance can inadvertently lead to catastrophic outcomes, if they malfunction or are compromised.

The Dallas Executive Airport Business Conference Center is located at 5303 Challenger Dr. Dallas, Texas 75237. For ground arrivals from U.S. 67 (North or South) exit onto Hampton Road, go north, turn left onto Challenger (at the fire station) and proceed to terminal parking at the end of the road. The Business Conference Center is the closest building to the parking area. The meeting is in the Neil Armstrong Room.
