

RUNWAY INCURSIONS - Are YOU really SAFE? - LEARN the Warning Signs!

LEARN WHAT IS BEING DONE to help you avoid Runway Incursions. Nobody wants to be asked to kindly call the tower after tie down. This seminar is designed to alert you to the hazards others have fallen prey to; and via video, you'll follow along and see real incursions unfold.

THIS IS A PROBLEM that both pilots, controllers and airport management can contribute to. LEARN WHAT TO LOOK FOR!

Directions: Exit Las Posas Road off 101 freeway, go south. At Pleasant Valley Road, turn right. At Airport Way, turn right. At the stop sign which is Durley Avenue, turn left. CIA on the right side (look for a monument sign) at 305 Durley Avenue. Fly-In--Park at Channel Islands ramp.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
