

'Aeronautical Decision Making' With FAA Inspector David Voelker

It's a sad fact of aviation that every year approximately 75% of all aircraft accidents are caused by pilot error. Don't miss this interesting and informative discussion defining pilot responsibilities such as determining who will be PIC, coordination with ATC, as well as passenger involvement. - How they all can work together to increase safety and reduce risk. Instructors Do NOT Miss this seminar.

Directions: Exit 101 Freeway at Los Posas, go south then right on Pleasant Valley Rd, right on Eubanks, left on Convair St. EAA Hangar is left of the CAF Museum. Please do not park in the CAF lot.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
