

## Maintenance Human Factors & The Dirty Dozen

Join us for a discussion of the "The Dirty Dozen" the 12 Human Factors from Lack of Communication to Fatigue that can lead to unintended mistakes during aircraft maintenance. Don't fall victim to these pitfalls that we are all susceptible to. If your an aircraft maintenance professional, pilot or an aircraft owner this presentation is for you and will include case studies that will reinforce these concepts.

**Directions:** Exit 101 Freeway at Los Posas, go south then right on Pleasant Valley Rd, right on Airport Drive left on Durley Avenue.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
