

SANTA MONICA TOWER is 'WITH US' 7pm at SMC

The tower chief will be focusing on the new "unapproved and unauthorized" IFR Circle to Land procedures that remain published. Pilots will not be allowed to Circle to Land in IMC. Critical information and procedures for instrument pilots flying into SMO will be detailed! However, Pam Choi will provide those attending the latest information they need to know including the new staffing and how sequestration will affect SMO.

Directions: First driveway going south past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
