

FAASTeam presents:

# DE-MYTH-A-FLYING: I Really 'THOUGHT' I Knew That!

Designed to help make and keep you a safer pilot. Assembled is "the rest of the story," a collection of ideas and practices that will augment your flight safety toolbox, and provide answers for certain questions you might not have recently thought about.

Many of us have preconceived ideas about flight and flight techniques. In such cases we might take them for granted, or may not often experience the different aspects of flight they are concerned with.

This advanced material seminar, will highlight scenarios that will ask you to inspect your current perspective on several topics including: Stall / Spin Awareness, Over the Counter Drugs, Leaning Technique, Fully Understanding the Use of Flight Controls, Examining the Real Best Glide Speed for the Emergency Circumstance, Avoiding Loss of Control, and more. It is designed to identify and cast away any Myths we might have, and replace them with Real Data.

This seminar is brand new from Ron Berinstein.

## Event Details

**Wed, Aug 21, 2013 - 7:00 pm**  
**Van Nuys FLYAWAY (Community Meeting Rm) Second Floor**

7610 Woodley Ave.

Suite #2
