

AEROMEDICAL Adventure - Part 2 - A Step Beyond the Familiar (NOTE Day & Time)

A pilot's quest for fitness is as important as learning to land. The Earth's Atmosphere extends upward to 1000 nautical miles. We'll learn about it's four distinct divisions and how the nature of flight is affected. We'll learn about Boyle's Law, Henry's Law, Dalton's Law, & Graham's Law.

We'll review the various facets of Hypoxia; we'll learn about how we can be affected by trapped gases, and we'll spotlight vision, and what pilot's need to know about what we THINK we see clearly.

Directions: VNY FLYAWAY--Woodley Ave. & Saticoy St. (East side of VNY Airport)--Community Mtg Rm. 2nd Flr. (Zip Code for GPS is 91406-1719) "Free parking in 30 min. lot for attendees"

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
