

FAASafety Team--FAAST presents:

CREW RESOURCE MANAGEMENT (for Single Pilots Too) - It's More than Cockpit Resource Mgmt!

Discover what these expanded principles of CRM can really mean for a safer flight. For single & crew ops. First, we'll view a fictional story inspired by real events. It was written to characterize the lives of pilots working for a small charter company, but the stories portrayed by the actors might belong to any pilot.

Using the video as motivation, our discussion will focus on the human side of the equation that can affect everything we as pilots do. We'll examine how the Human Factors illustrated in the video influenced pilot ability to make sound decisions. The goal will be to learn how to identify the signs that may indicate a safety factor risk, in ourselves and/or our crew.

Directions: VNY FLYAWAY--Woodley Ave. & Saticoy St.(East side of VNY Airport)--Community Mtg Rm. 2nd Flr. (Zip Code for GPS is 91406-1719) "Free parking in 30 min. lot for attendees"

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
