

FAASafety Team--FAAST presents:

**CREW RESOURCE MGMT (for Single Pilots Too) - It's MORE
than JUST Cockpit Resource Mgmt!**

First, we'll view a fictional story inspired by real events. It was written to characterize the lives of pilots working for a small charter company, but the stories portrayed by the actors might belong to any pilot. Then, using the video as motivation, our discussion will focus on the human side of the equation that can affect everything we as pilots do.

We'll examine how the Human Factors illustrated in the video influenced pilot ability to make sound decisions. The goal will be to learn how to identify the signs that may indicate a safety risk, in ourselves and/or our crew.

Directions: First driveway going South past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking. BEWARE: PARK HEAD-IN ONLY!! SMC tickets those who back into parking slots.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
