

## Flight Instructor Open Forum: 'The NEW Airman Certification Standards (ACS)' 'All Pilots Welcome'

The FAA is beginning to plan its transition to the new Airman Certification Standards (ACS) framework for certification of pilots, starting with the Private Pilot Airplane, Commercial Pilot Airplane, and Instrument Rating Airplane in the next 12 months. The NEW system provides better correlation between written exam, training and the practical test.. The elements previously known as Practical Test Standards, (PTS) are very much the same but with the overlap, redundancy and irrelevant items streamlined or removed. For more information see Below. This seminar is primarily directed at CFI's but ALL pilots are encouraged to attend.

**Directions:** Van Nuys FLYAWAY. (northeast corner of Woodley & Saticoy Street - East of VNY Airport) -- Free parking the 30-minute parking area for seminar attendees)

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
