

What Every Pilot Needs to Know About Safe Operations on WET Runways!

We'll Discuss the Techniques You Can Use to Stay Safe on WET Runways. You'll learn how to deal with the three types of Hydroplaning, and you'll see video that describes what real hydroplaning looks like. Also, some pilots depend upon hydroplaning to be their friend, you'll see video illustrating that as well! Plus, we'll try to diagnose the causes of some real Runway Excursion accidents.

Directions: VNY FLYAWAY--Woodley Ave. & Saticoy St. (East side of VNY Airport)--Community Mtg Rm. 2nd Flr. (Zip Code for GPS is 91406-1719) "Free parking in 30 min. lot for attendees"

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
