

FAASafety Team presents:

**'Sunday Morning Hangar Talk' - News & Safety - Prime Topic:  
GA Wx Forecasting w/Skew T Part 2**

FAA Topic of the Month: Vmc Training and AOA, Donuts and Beverages, GA Hot News, Pilot's Fitness, & More, plus our very popular feature that asks, "WHY?," and addresses an intriguing timely event/accident. Learning to use a Skew T so you can find current Wx data Fast, and Learning a bit about forecasting Bad GA Wx like Fog, Rain/Snow, Icing levels, Freezing Rain/Hail, Thunderstorms and how to predict Clear Sunny Wx as well is our focus!

We'll make learning some Wx theory easy, and by the classes end, you will be able to do this! All in today's, "Back to School" feature.

Also, a very Casual Round Table discussion (often motivated by videos) wherein your stories, questions, opinions and comments will serve as the tasty appetizers on our checklist.

Hopefully, everyone will discover something that will improve their own pilot skills and knowledge bank.

Designed to emulate the old days when there really was hangar talk, donuts & coffee. The Pilot's Lounge is a comfortable intimate area with tables, chairs & upholstered furniture.
