# **Survival Skills and Equipment with Doug Ritter a VC99s Pilot Proficiency Class**

When your flight has gone about as bad as it possibly could, your survival may well depend upon the survival equipment you carry and the skills to use that gear effectively. Doug will tell you which survival gear you should never be without and, just as important, what gear is worth betting your life on and what isn't. Then he will teach you the practical fundamentals of how to use that gear to survive and get yourself rescued. There is a fee for this class. Preregister at least 24 hours in advance at <http://www.vc99sclasses.com>.

**Directions:** Driving: Exit 101 Freeway at Los Posas, head south on Los Posas. Turn right at traffic light at Pleasant Valley. Turn right at traffic light at Airport Way. Dept of Airport Building is last building on the left where Airport Way dead ends at Durley. Flying: A three minute walk from the walk-through gate adjacent to Channel Island Aviation. Walk out to Durley, turn left on Durley. The Dept of Airports Building is on your right at the intersection of Durley & Airport Way.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
