

High Octaine VFR CHART READING - Master Class

In Depth VFR Chart Reading! A Master Class for the pilot who wants to have a professional orientation. Insight into the VFR Charts designed to expose the really great information possibly hiding in plain sight!

Directions: First driveway going South past Airport Avenue (College Dr. - Traffic Light) Southeast corner of KSMO. Located inside the big green four story building on the first floor. Just enter through the front doors, and turn left at the first aisle. Room #123 will be to your right, at the end of the aisle. Plenty of free parking, BUT CAUTION: Head-In parking ONLY, otherwise you risk being ticketed.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
