

FAASafety Team presents:

# **Sunday Morning Hangar Talk GA Safety and Important News!**

Donuts and Beverages, GA Hot News, Pilot's Fitness, & More, plus our very popular feature that asks, "WHY?," and addresses an intriguing timely event/accident. At 10 am HANGAR TALK begins! A Casual Round Table discussion (often motivated by videos) wherein your stories, questions, opinions and comments will serve as the tasty appetizers on our checklist. Carburetor Icing Types is today's "Back to School" feature. Air Induction System Icing Types and Fuel System Icing.

"Because of a substantial number of aircraft accidents attributed to incidents involving such icing, it is important for a pilot to know the kinds of ice formation encountered, and the manner each is formed." AC20-113

Hopefully, everyone will discover something that will improve their own pilot skills and knowledge bank.

Designed to emulate the old days when there really was hangar talk, donuts & coffee. The Pilot's Lounge is a comfortable intimate area with tables, chairs & upholstered furniture.

## Event Details

**Sun, Aug 28, 2016 - 10:00 PDT**  
**PILOT'S LOUNGE WHP AIRPORT**  
**near the Airport Office**

12653 Osborne St.
