

SINGLE Pilot IFR

IFR Flight is tough enough when two pilots staff the cockpit, but SINGLE PILOT IFR can be downright work oriented and stressful; and particularly so when 3rd party actors like; bad weather, traffic diversions, an unexpected route clearance, and/or instrument/radio failure might be involved.

Why not consider getting some useful tips for better and safer flying!

Directions: Rotor F/X 16644 Roscoe Blvd. Van Nuys, CA 91406-1103 on KVNy Big Blue Hangar with large American flag

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
