

KSMO Controller GINA GARDNER at SMO EAA Chapter 11

Gina Gardner, Air Traffic Controller for KSMO and Local Safety Council Representative, will be giving a presentation at the EAA Chapter 11 monthly meeting in May. Gina will be focusing her discussion on common mistakes pilots make, in particular in the Santa Monica Airspace. She'll also discuss airspace hotspots, situational awareness, and inside information about ATC and their process that pilots are generally unaware of. Finally, she'll go over techniques for listening and awareness that will help increase safety. Please join EAA Chapter 11 local KSMO to share and learn from Gina's extensive experience helping pilots navigate Santa Monica's airspace. Hope to see you there!

Directions: Easy access from South Bundy. Parking available in front of Barker Hangar and in the large lot directly to the west and adjacent of Barker Hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
