

What EVERY PILOT and PASSENGER should know about DITCHING and OVER WATER SURVIVAL

Probably the most famous ditching is the Hudson River splash down. It goes without saying that not too many pilots want the actual experience, but EVERY PILOT should be armed with the INFORMATION NECESSARY to make the EVENT SURVIVABLE.

Directions: Easy access from Woodley, north of Sherman Way. Plenty of free parking at the Fly Away spots marked, "30 minute parking" located in front of the building. Don't enter the indoor parking unless you wish to pay the regular fee. You can use either the outdoor staircase to the conference room, or the elevator located inside the lobby area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
