

FAASTeam presents:

Using ForeFlight to Navigate LA Class B with Brian Schiff - Note Day And Time

Learn to use ForeFlight to it's full potential to plan and navigate the LA Class B airspace via the Special Flight Rules Area, Coliseum Route, Hollywood Park Route, Mini Route, and Coastal Route. We will plan several exemplar flights, including one from VNY to SAN.

ForeFlight is a widely and very sought after application and as such has the need for proper usage techniques for it to be valuable. It is a feature that is not always understood and if not used properly could cause very serious safety issues affecting the aviator and the National Airspace System (NAS).

Supporting documents and PowerPoint slides will be on www.CaptainSchiff.com

This a 3 hour event from 9 a.m. to 12 p.m.
(refreshments served)

Directions: Driving; At the corner of Sherman Way Blvd. and Hayvenhurst - go South on Hayvenhurst to the 2nd 3 story White Bldg. on the left. Drive to the back of the bldg. for entry into the bldg. Go to the Downstairs conference room off to the right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
