

FAASTeam presents:

# DE MYTH A FLYING I Really Thought I Knew That!

Rethinking the answers. So many of us really know what we were taught, but is it still right today? We learned from the folks we knew. But, truth be told, there is a lot of bad stuff out there that was legitimately professed, but as the times have changed, so have our ideas about what is correct, and what is not.

This presentation is a wonderful, entertaining collection of myths that most pilots know to be true, and would willingly swear by them; but aren't! Many GA flight aspects are covered... Aero-medical, aerodynamic, Best Glide facts, Angle of Attack, Flight Controls, Aircraft Instruments, EGT use, Flight Controls, and more... Lot's of audience participation! Seminar length: 2 hrs

**Directions:** Drive from the intersection of San Fernando and Osborne on Osborne past the Airport's main entrance and turn on Airpark Way. Drive to Vista Aviation and enjoy free parking.

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
