

FAASafety Team presents:

Sunday Morning Hangar Talk SPC TOPIC - HEMS WX TOOL
Great Flight Planning for GA Under 5000 ft

Donuts and/or Chips , GA Hot News & More, plus our very popular feature that asks, "WHY?," and addresses an intriguing timely event/accident. At 10 am HANGAR TALK begins! A Casual Round Table discussion (often motivated by videos) wherein your stories, questions, opinions and comments will serve as the tasty appetizers on our checklist.

Today's "Back to School" feature will describe the tool developed for, and used as a GO/NO GO decision maker, for Helicopter Emergency Medical Services responders. Anyone can take advantage of this "secret" wx/flight planning tool, but few know anything about it. Perfect for anyone (aircraft to hot air balloon) flying 5000' and below in between weather reporting stations! Can provide Tons of Info about your intended flight FAST. We'll check it out! Hopefully, everyone will discover something that will improve their own pilot skills and knowledge bank. Seminar is scheduled for 10 a.m. to 12 p.m.

Designed to emulate the old days when there really was hangar talk, donuts & coffee. Casual, and everyone is encouraged to participate.

Event Details

Sun, Nov 18, 2018 - 10:00 PST
Vista Aviation Bldg - north side
of airport

10000 Airpark Way
Conference room, Second floor
Vista building
Pacoima, CA 91331
