

Surviving Your Startle Response and an In Flight Catastrophe

Illustrating "Startle" danger in-flight and surviving it, maybe. Unexpected threats to your life while flying are hardly what you might wish for, yet should they occur a pilot NEEDS TO BE PREPARED.

Just knowing how to fly the plane under normal conditions may not be enough! On video selected experts, and our discussion will address what you can do! Seminar Length 2 hrs.

Directions: Drive from the intersection of San Fernando and Osborne on Osborne past the Airport's main entrance and turn on Airpark Way. Drive to Vista Aviation and enjoy free parking.

A message from the National FAASTeam Manager
