

FAASafety Team--FAAST presents:

# **Beyond Approach - Understanding the Plates Part 1**

Beyond Approach unleashes a huge airspace picture otherwise hidden. Great for VFR & IFR pilots! We'll expose the IFR Approach as depicted on Approach Charts (Plates) and translates what the symbols mean, and what the "plate" tells us! We'll understand what we need to do to fly an approach successfully.

This Seminar is intended for those thinking about an IFR Rating, and for the Smart GA Pilot that would like a Refresher, or would like to learn to fly more professionally. It is NOT really intended for the commercial IFR pilot that regularly flies Part 135, etc. This is Part 1. Seminar Length: 2 hrs

**Directions:** Gain easy access to the airport administration building from Santa Anita Ave. Plenty of free parking. Seminar is held on the main floor.

#### **A message from the National FAASTeam Manager**
