

FAASTeam presents:

**ForeFlight VFR Flight Planning 101 with Mike Jesch a VC99s  
Pilot Proficiency Webinar**

ForeFlight VFR Flight Planning 101 and 201 are two webinars in the Ventura County 99s 2021 Pilot Proficiency Webinars. In these two VFR flight planning webinars Mike Jesch will establish a foundation of preflight planning techniques for you to build on as you develop your skills.

**Directions:** ForeFlight VFR Flight Planning 101 and 201 (August 4 and 25, 2021, 5 -6 pm PDT).

This is the first of two ForeFlight VFR Flight Planning webinars sponsored by the Ventura County 99s. Because the two webinars are on different dates, you need a separate registration for each webinar. If (and only if) you register for the webinar(s) and are unable to attend or want to watch the webinar(s) again, we will send you a link where you can watch a recording of the webinar.

Please register in advance. Our Zoom webinar membership limits the number of attendees we can accommodate. To make sure you have a virtual seat at the webinar, we recommend you preregister early and check in for the webinar 10 minutes in advance. If attendees exceed our capacity limits, the overage will be directed to a YouTube Live channel to watch the webinar.

Use this link to register for the August 4, 2021 webinar:
